Connect to Terrier Wi-Fi

iOS devices-Apple iPad, iPhone, etc

Secure Wi-Fi networks are password-protected and have 🔒 by their names.

1. Go to Settings > Wi-Fi, select Terrier network.
2. At the top of the screen you will see Forget this Network, then click it.
3. Select Terrier again, and click Trust once the new Certificate pops up on the screen.

4. Enter the password for the secure Wi-Fi network, then tap Join. These are the same credentials you have always used to connect to the Terrier network. After you join the network, you'll see ☑ next to the network and ⌁ in the upper-left side of your display or the upper-right corner on an iPhone.
